

System Requirements for Passport Business Solutions

Note: PBS Installs as a 32-bit application on a 32 or 64-bit operating system.

| | |
|---------------------------------------|---|
| Microsoft Windows Workstations | <i>Windows 10 and 11 Pro (32- and 64-bit). (Not supported: Windows 10/11 Home edition)</i> |
| Microsoft Windows Servers | <i>Windows Servers 2012, 2016, 2019, and 2022</i> |
| SCO OpenServer UNIX | <i>v.6.0</i> |
| Linux | <i>glibc 2.3.4 or above within the Intel x86 series</i> |
| Microsoft SQL Server and SSRS | <i>Microsoft SQL Server 2016 SP2, MS SQL Servers 2017, 2019, and 2022, Express, Standard, and Enterprise Editions. *Express does not support SSRS scheduled reporting and is capped at a cumulative 10 GB across all DBs in the instance.</i> |

For RAM requirements, etc. please conform to the minimum requirements or better for the various Microsoft Windows operating systems.

PBS v.12.07 and above running on Microsoft Windows 10 or 11 workstations requires an installation of .NET framework v.4.0.30319 or above. It is also required if PBS is running on Windows Server 2012, 2016, 2019, or 2022.

ODBC with AcuXDBC can be used with PBS Vision only.

Native client 11.0 is required to run PBS SQL.

PBS SQL has built-in database connections. There are no other requirements for PBS SQL.

ODBC Catalog for AcuXDBC Requirements:

- Microsoft Office comes in both 32-bit or 64-bit versions. XDBC comes in both 32-bit and 64-bit version. Microsoft Office and XDBC must match bit versions. If you need to switch from 32 to 64-bit, or vice versa, contact Passport for details.
- Micro Focus, who produces XDBC, supports Office 365 version 9.2.2 and later for Office 365 Pro and Enterprise. 32- and 64-bit versions of Office 365 apply as well.

Support Ended for These Environments

- SQL Server 2012 and 2014 are no longer supported by Microsoft. SQL Server 2016 support ended in July 2021 – except Service Pack 2 which has Extended support that ends in July 2026.
- Support for Windows 7 ended in January of 2020.
- Support for Windows 8.1 ended in January of 2023.
- Support for Windows 10 will end in October of 2025.
